“ We are at the end of our first year and know that the potential is huge. We have two properties up and running, which are making £2,000 per month net income after paying the mortgage, bills and other expenses. ”

Judy Mizzen, Platinum Partners Group
Franchise Partner, Basingstoke

“ I have already invested in the Platinum Investment Partners Lapus development in Craiova and intend to invest in more of their projects going forward. I draw great confidence from the credibility of Nick, Steve, Richard and the whole team at PIP and happily commend these opportunities to any investor who is looking for the personal touch and robust high-growth opportunities. ”

Chris Tapp, Platinum Partners Group
Franchise Partner, Eastbourne

“ Platinum Property Partners Franchise Partners are reporting flourishing business despite current housing market challenges, thanks to heavy discounts on purchase prices, strong cash flow and excellent growth in international investments. ”

Derin Ibrahim, The Franchise Magazine

“ This has been the best workshop/networking event I have ever attended. There's no territorial protection of skill-sets; people are very happy to help each other to succeed, and I think that's fantastic. This event should definitely be the first choice for any individual with investment capital behind them, to both create and preserve their wealth using tried, tested and robust investment strategies. ”

Neil Mansell, Franchise Partner, Chelmsford

Platinum Wealth Workshop

We believe that in order to achieve the best results, you need to surround yourself with, and learn from, the best people. This is the core principle on which our Platinum Wealth Workshops are founded.

One of the key strengths of the Platinum Partners Group (PPG) is its focus on quality in everything it does. Therefore these events are restricted in number, and participants must meet some basic qualification criteria before we accept their booking. This ensures that everyone who attends a Platinum Wealth Workshop receives the highest level of support and that their investment in the day will be repaid many times over.

The Platinum Wealth Workshop is a non-profit event and therefore represents outstanding value for money. The registration fee does not even cover the direct costs we incur in running the event, so every place is subsidized by PPG. There are two reasons for this: first, PPG is committed to helping like-minded individuals be more, do more, have more and give more; secondly, by running the Wealth Workshop, we hope to meet like-minded individuals who want to work with the company in the future on a long-term partnership basis. The workshop is an essential stepping stone to prosperity for anyone who is serious about managing wealth effectively and/or creating financial freedom.

The Platinum Wealth Workshop brings together high net worth individuals, who may be novice or experienced investors, fledgling entrepreneurs or multi-millionaire business owners. Their common bond is that they all have the desire to invest wisely in robust property-based businesses.

In one intensive and energetic day, you will:

- Mix with and be inspired by other investors who are either already financially free or well on their way to being so.
- Hear expert overviews on the current UK market and how to invest for profitable cash flow.
- Discover the art and science of truly passive investing in high-growth, low-risk overseas locations.
- Explore how to effectively use creative financing strategies in the current climate.
- Benefit from live Q and A on recession-proof income streams from robust, highly profitable UK strategies.
- Find out how to create a sustainable buying Below Market Value strategy with integrity.
- Have the opportunity for a one-to-one 30-minute consultation with one of the founders or senior team members of PPG (subject to prior qualification). Use this time to review your existing portfolio/strategy, discuss how to get started or understand how passive investing can work for you.

The benefit of meeting and talking to people who have 'been there and done it' very successfully is immeasurable. Come and join us. We'll make you very welcome!

Through PPG I was chosen as a “Secret Millionaire” by Channel 4. Without them I simply would not be in the position of making my first million or being able to impact those less fortunate than myself on this scale. ””

I have known and worked with all the founders of PPG for some time and trust them implicitly. They take immense pride in their business dealings, and the fact that they personally invest in everything they do is extra reassuring! I have absolutely no hesitation in recommending the company, the people behind it, and the quality of the opportunities presented. ””
